

**AMENDMENT - This document cancels and replaces the previous one of
14 September 2015**

Trademark:
Z.E. READY

This certification sheet certifies technical compliance of the families of products Listed below, as well as of their installation processes. It constitutes a necessary pre-condition to the right to use the trademark for the definite term specified above.

Certified party:	KEBA AG
Address:	Gerwerbepark Urfahr, 4041 Linz, Austria
Technical terms of referen	ZE READY 1.4D (ZER 19-08bis, ZER 15)
Period of validity:	1 year, renewable
Renewal:* (conditions)	The validity of this certification sheet is renewable automatically for an additional year, unless: - instances of non-compliance are confirmed that call into question the certified party's compliance undertaking; - changes to the terms of reference (ZE READY 2), which limit the renewal period, as well as any automatic renewal, beyond the 6-month period after the official cut-off date for the specifications in the new terms of reference.

DATE:
June 25, 2017

The above limitation on the renewal of the certification validity does not preclude any potential extension of the right to use the trademark for a product and its installation on the basis of terms of reference, including past terms of reference, that are deemed sufficient.

Product family			Products		Supplier	COUNTRIES	Exception	
No.	DESCRIPTION	Socket	(PARENT) Type	Reference			Nbr.	End date
F1	KeContact P30	T2	KeContact P30 x-Serie 22KW	KeContact P30	KEBA	Europe	-	-
